

HARBOUR WILL BE EXHIBITING AT THE IEEE MTT-S SHOW

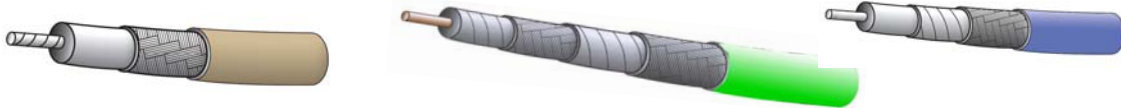

Harbour will be exhibiting at the IEEE MTT-S International Microwave Symposium Show from May 25-27 at the Anaheim Convention Center in Anaheim, California - Booth #1703.

Additional information about the show may be found at www.ims2010.org

Exhibit hours are:

Tuesday, May 25	9:00am to 5:00pm
Wednesday, May 26	9:00am to 6:00pm
Thursday, May 27	9:00am to 3:00pm

In addition to MIL-C-17 coax, Harbour will be highlighting a number of products including both solid, stranded, and light weight LL Low Coax and SS Spiral Strip Coax cable.

We look forward to visiting with everybody at the show to discuss new opportunities. Please feel free to contact us beforehand to schedule specific times to meet.
